

Telangana Academy of Sciences

Cordially Invites you to the

Fifth Dr. Manohar V.N. Shirodkar Memorial Lecture

Endowment Instituted by **Smt. Indira Devi Dhanrajgiri**

Dr. Srini Kaveri

Directeur

'Immunopathology and Therapeutic Immunointervention' Centre de Recherche des Cordeliers, Paris, France and

Director, CNRS Office in India French Embassy, New Delhi

on

The Impact of Changes in the Environment on our Immune system: Implications for Health and Disease

At 4.00 PM, on Friday, the 2nd December, 2016

Venue

Auditorium

CSIR-Indian Institute of Chemical Technology (IICT)

Uppal Road, Hyderabad

Dr. Ch. Mohan Rao

President
Telangana Academy of Sciences

Prof. K. Narasimha Reddy

Hon. Secretary Telangana Academy of Sciences

About the Speaker

Dr Srini Kaveri

Dr. Srini Kaveri, Director, 'Immunopathology and therapeutic immunointervention', Centre de Recherche des Cordeliers, Paris, France is a distinguished immunologist. He is currently representing CNRS in India as *Director, CNRS Office in India, French Embassy, New Delhi*

Dr Srini Kaveri, received his Ph.D. at the Pasteur Institute, Paris. He has carried out his Post-doctoral research training with Professor Heinz Kohler at IDEC pharmaceuticals and University of California, San Diego, USA. After joining CNRS in 1990, Dr Kaveri has been leading a research team involved with the basic and applied aspects of immunopathology and immunotherapy.

Dr Kaveri has published several major papers on the mechanisms of action of therapeutic antibodies and on the physiopathology of Factor VIII antibodies in haemophilia. He has received several research awards.

Dr Srini Kaveri has been actively involved in Indo-French research activities. He is an Adjunct Professor at the Institute of Bioinformatics and Applied Biotechnology IBAB, Bangalore. He co-Directed an "International Associated Laboratory" (ICMR-INSERM) at the National Institute of Immunohaematology, Mumbai India.

As the Director of CNRS office in India, he has made significant contributions to Indo-French collaborative efforts including agreements for establishing 'International Associated Laboratories (LIA)' between CNRS and several Indian institutions. During the visit of the Prime Minister Shri Narendra Modi to France in April 2015, an agreement was signed between Department of Biotechnology (DBT), CNRS and the *Université Pierre et Marie Curie* (UPMC) to collaborate towards the establishment of a *National Institute of Marine Biology and Biotechnology* in India.

Programme

Friday, 2nd December 2016

4.00 PM Welcome	:	Prof. K. Narasimha Reddy Hon. Secretary, TAS
Dr. Manohar V.N. Shirodkar : A Profile	:	Prof. P. Appa Rao Vice-Chancellor, Univ.of Hyd.
Address by the Guests of Honour	:	Dr. S. Chandrasekhar Director, CSIR-IICT
		Dr. Rakesh K. Mishra Director, CSIR-CCMB
Presidential Remarks	:	Dr. Ch. Mohan Rao President, TAS
Introducing the Speaker	:	Dr. B. Sesikeran Vice-President, TAS
Endowment Lecture	:	Dr. Srini Kaveri Director, CNRS-India office, French Embassy
Vote of thanks	:	Prof. D.N. Reddy Vice-President, TAS
